MAKE YOUR WORLD BIGGER

AGES 6+

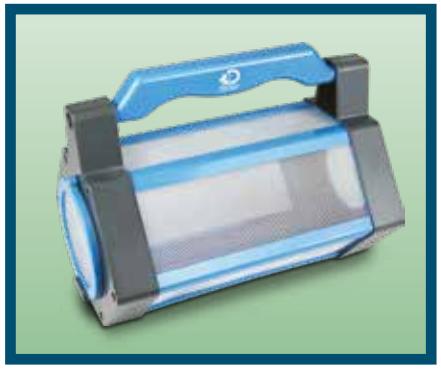
BUG BARN

INSTRUCTION MANUAL

EXCELLENT KIT FOR COLLECTING & OBSERVING SPECIMENS

BUG BARN

Collect bug specimens and put them in the viewing barn. Be sure to set your creatures free as close as possible to the spot where you found them.

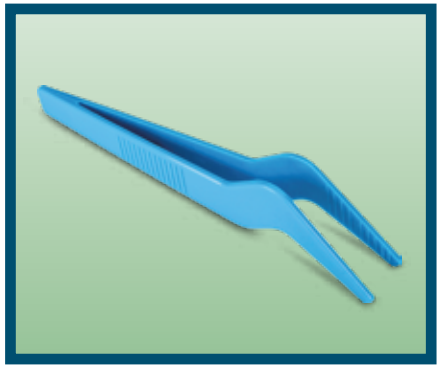


CREATURE NET WITH HANDLE

Use the creature net to catch flying bugs and insects. Be careful about what you capture, some insects have stingers. Always have an adult help you remove any insects from the net.

TWEEZERS

Tweezers are great for handling hard-shelled insects. Be careful not to squeeze too hard!



DID YOU KNOW?

95% of the earths species are insects!

MAGNIFIER

Your Bug Barn kit includes all you will need to observe some of nature's smallest creatures living in your very own backyard. The included magnifier is a great tool for getting close up and seeing all the details!

MILLIONS OF INSECTS CAN EXIST ON A SINGLE ACRE OF LAND

VENTILATED CREATURE VIEWER WITH MICRO RULER

Collect the creatures, place them in the jar, observe and measure them with the micro ruler imprinted on the clear plastic side of the container. Your creatures will have enough air but they need to eat and socialise too. Remember to release them outside after you have finished your study.

STICKERS

We have included a sheet of cling film insects and bugs to decorate your tools, windows, mirrors and other dry flat surfaces. Have fun!

DO NOT APPLY DECALS TO SKIN.

DID YOU KNOW?

A true insect has three body parts and six legs

MAKE YOUR WORLD BIGGER

Discovery ADVENTURES

CHILDREN LOVE TO SEE THE WORLD OF INSECTS CLOSE UP

WARNING! CHOKING HAZARD –
Not suitable for children under 3 years of age due to small parts. Do not view the sun through the magnifying glass as this can cause serious damage to the eyes. Magnifying glass to be used under the direct supervision of an adult.
