Made in China.

The batteries included in this toy are intended for store demonstration purposes only. The packaging must be retained because it contains important information. Remove all packaging materials before giving this toy to a child.
Requires 2 x AAA batteries (included)

The purpose of the crossed-out wheellie bin symbol is to remind us that most electrical product and batteries contain trace elements which could be harmful to our environment and therefore our health. We must all be careful to dispose of them responsibly in a specifically designated way – either using a collection scheme or into the correctly labelled civic amenity (NOT into general waste) – this will help your local authority to arrange to recycle or dispose of them in the appropriate manner.
