## How to Play

Adult assistance if recommended.

Before you begin, lay out the cubes on the table in front of you. Each cube has four letters or numbers as shown in the image.

Tip - once Peppa has recognised the letter remove the cube while you wait for the next instruction.

## Activity modes

**abc** Press abc. Peppa will ask "Shall we learn our letter" and then ask you to find a letter, for example, "Can you find the b for butterfly."

Find the cube with the correct letter, and insert into the hole in her dress. The letter should face outwards. If you can't find the letter, don't worry. Peppa will ask you for another letter, or just insert any cube to hear the name and sound.

**spell** When you are confident that you know your letters, you can try the "spell" game.

Peppa will prompt you to spell one of the words listed to the right, for example, "Try to spell At."

Find the letters and insert them in the right order. Place the cube with the first letter into Peppa and she will confirm if it's correct. You will then get a reminder of which letter to place next.
